

There is no parking in the driveway in front of the school.

In the morning:

Parents may pull into the driveway to drop off their children but must proceed out of the driveway after their children have left the cars. Teachers will be there each morning to assist students. Please drop students off in front of the main door (kindergarteners may go to the kindergarten door between 8:35 and 8:45).

In the afternoon:

No cars are allowed to enter the driveway from 2:45 to 3:00. Parking is allowed in the west parking lot, but cars need to park there before 2:45. Cars should line up according to the arrows and lines painted in the lot. A crossing guard will stop traffic at approximately 3:00 to allow cars to exit the parking lot.
